### Polypropylene Cabinet

## Polypropylene Ductless Pro Line

## Polypropylene Ductless Value Line

## Polypropylene Ductless Eco Line

## Polypropylene Ductless Weighing Station

## Polypropylene Ductless Down Flow

## Polypropylene Ductless Education Line

All items are available in a range of sizes

## Polypropylene Fume Hood

## Metal Structure Fume Hood

## Polypropylene / Metal Floor-Mounted Horizontal Doors

## Polypropylene / Metal Floor-Mounted Vertical Doors

## Fume Hood with Integrated Wet Scrubber

## Hybrid - Laminar Airflow Fume Hood

## Floor Mounted High Range

## ADA Compliant Fume Hood

## Fire Retardant UL-94-VO Fume Hood

## Fire Retardant UL-94-V2 Floor-mounted Hood with Integrated Wet Scrubber

## Fume Hood with Flammable Cabinet

## Customized Cabinet for Fume Hood

## Polypropylene Structure BSC

## Metal Structure BSC

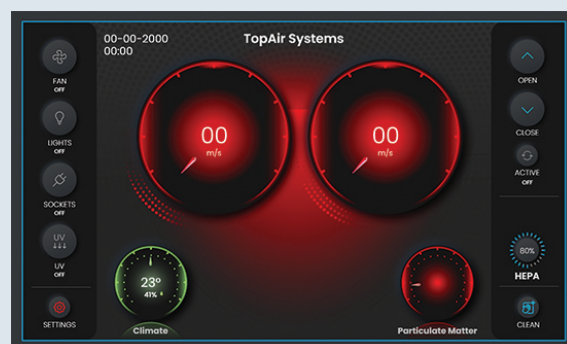

## IPMS - Integrated Particle Monitoring Systems

The IPMS measures particle concentration in real-time, monitoring the cleanliness level 24/7. The display indicates whether the cleanliness level complies with ISO 5 and alerts when the workspace has been contaminated or needs to be serviced.

IPMS provides critical real-time information on the air quality within the workspace, prevents cross-contamination, and ensures constant compliance with relevant standards.

The IPMS is an unprecedented solution that can transform the future of biological processes in the industry.
